

NO GUTS NO GAIN

A PROGRAM TO IMPROVE YOUR EFFECTIVENESS, STRENGTHEN YOUR RESOLVE AND INSPIRE YOU TO ACTION

For those who are ready, the “No Guts No Gain” program will help you discover how to get to the top. This hard-hitting one-day workshop will enable you to identify your business and personal goals, and use powerful strategies to achieve them. Traditionally, we’ve only helped those who are serious and committed to setting up a solid game plan and avoid procrastination. Find out how to focus your thoughts and energies to overcome barriers and achieve the objectives you want.

Don’t suppose you ever made ‘New Year’s Resolutions’ in January only to forget them in February...and then feel like you failed? That’s not unusual, we all have. Here’s where CEOs, Presidents, Business Owners and Professional Salespeople, LIKE YOU, discover how to set up a winning game plan, and follow it. If you are ready to plant your feet...take off running...and never look back, this workshop is for you.

Together we’ll uncover how to:

- Identify and dismantle specific barriers that block your path to success.
- Overcome “fear of failure” once and for all.
- Stop working as hard as you possibly can, and getting nowhere.
- Keep yourself motivated.
- Increase your self-esteem and decisiveness.
- Handle those everyday pressures that drain your time, energy and resources.
- Accomplish the goals you set for yourself.

INCLUDES

- Complete 123-page workbook
- Set of (5) CDs in a handsome carrying case
- Powerful interactive CD for your computer
